Ginny
Geometry was fun, Biology
was fun, Have a
summer.

Ginny,

Why did you
get a '98'

Ginny
We all had a
great time in French
didn't we? Have a good
summer. Barry

Best of luck.
Dad (John)

Ginny
Be good (those fatal last words)
Bob

Ginny this is typing
I'm sure you
have fun with
your new year.
and now
you're
happy

Ginny:

You're a real sweet
kid & I love you.
So far. Too bad I can't
love your talent
French - but that's
for
happy
life!

Dear
Ginny
I hope
you
are
happy
in
your
new
year.
I
love
you
very
much.
Dad

Hi There,
You should have
moved to your seat
in Geometry sooner, I
might have had a better
grade then. Have fun this
summer + see you next year.
Mike

N. G.
 might have
 grade then. H
 summer + see you
 Ginny.
 I'll always remember
 French and your smiling face! (?)
 See you this summer! Best wishes

 Hi Doree
 good y

Ginny

Hi There
Good luck to
a real sweet
junior to be
love ya
Judy

Jimmy,
 Don't forget all
 the fun we've had this year and
 don't go sumping any more post,
 desolate, stray kittens (I'm sure
 your mom couldn't take it). Good
 luck and have fun this summer
 Love,
 Pam
 Your friend
 for
 ever

Dear Jimmy
I am sorry
that I don't
write to you
more often
but I am
so busy with
my work that
I can't find
time to do so.
I hope you
are well and
happy. I am
well and hope
you are the same.
I will write
to you again
soon. Love,
Dad

Dear Mary
I want as you are and don't forget
a lot of fun. Stay as
remember you are
(Mary) the good one
me!

Dear Jim,
Well, I guess
we really had a blast
this year in biology -
and even remember our
wilderness. Remember we had
without and thanks for the summer
kitty and P.E.!!
in P.E.!!
Have a good one!
Don't forget love,
to
be
ya

FOREWORD

The Hornet Staff and Seniors proudly present the 1964-1965 yearbook. Much work has been done to assemble this book, and we hope all of you will enjoy it.

A yearbook portrays the total program of the high school and brings it into the home of the yearbook patrons and other people of the community. It describes and interprets the school in a manner which is not possible by any other device.

A yearbook captures in picture and print the events of the school and personalities of its citizens, and it preserves them in records and memories for many years to come.

Last but not least, a yearbook offers to those of the staff who worked hard to preserve its traditions, valuable training in special skills required in preparation of the book. More important, staff members gain training in the acceptance and fulfillment of responsibility representing one of the ultimate goals of a high school education.

DEDICATION

During most of his past thirty-two years with Eureka High School, Mr. Edward L. Major has been symbolized with teaching history and supervising each graduating class in processing their Hornet. He is an especially noted figure among students of the junior and senior level as he so sincerely endeavors to prepare these upperclassmen to meet the challenges encountered in whatever ideals they pursue after graduation.

His vast knowledge covering many areas has effectively aided his unceasing efforts to present his subject material thoroughly to his students, who are indeed privileged to be able to accept the worthwhile advice he so freely offers directly from a trusting wisdom.

To this truly loyal supporter in rendering service beyond the call of duty, do we and the many before us owe much gratitude. As we dedicate this year's Hornet to Mr. Major, we question not his worthiness to be commended in such a way, but we must question our ability to do him justice in honoring his many achievements.

!!!

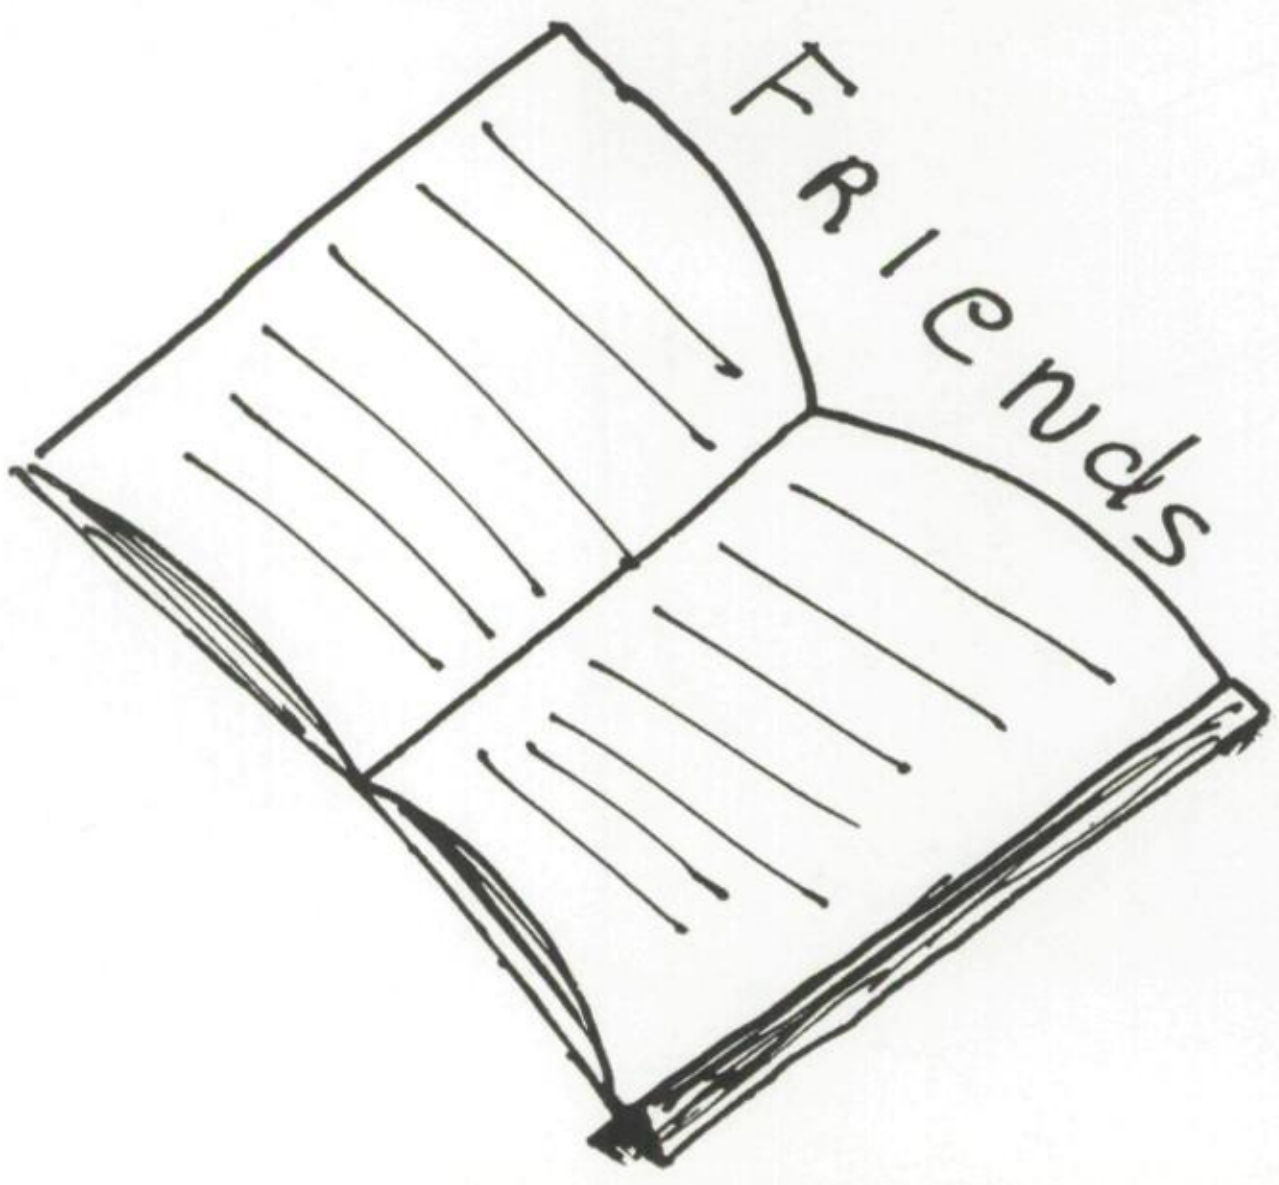

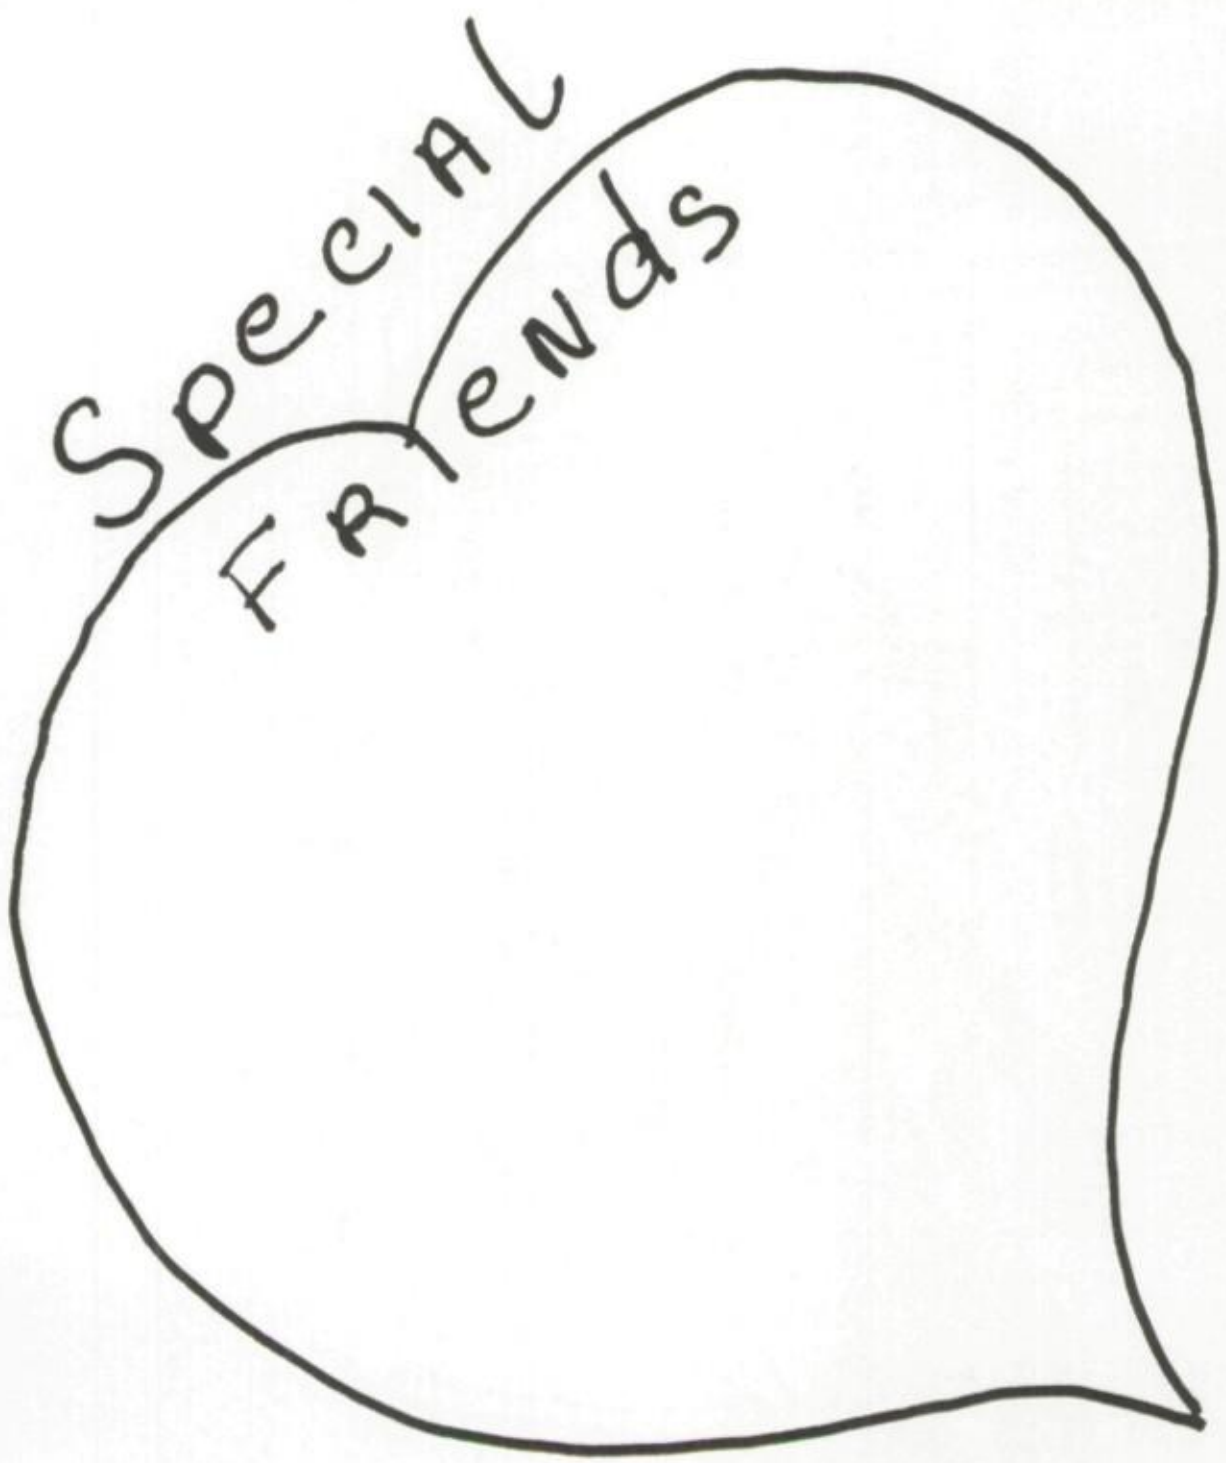

The time is 2:35 p. m., a reminder which hurries these three seniors down the hall to their final class of the many they have attended the past four years.

Although they might wish to, time will not permit them to turn back. They must go on to their next appointment in life's schedule which might mean hurrying down the hall of a big university or a small college, a hospital, a business firm, a trade school, or a home.

Yes, as the graduating senior goes out on his own in the world, he may wander down many halls in the future before he reaches the goals that satisfy him most.

Congratulations

to the

EVERY THURSDAY

Your next step may be worth \$148,000 to you

You've just received your high school diploma, and now you're at a crossroad. What will it be next . . . a college education, or a job?

Your next step may be worth \$148,000!

A college graduate can expect to earn an average of \$9,129 annually between the ages of 25 and 65. That's \$365,000 in 40 years.

On the other hand, the man whose formal education stops at high school will earn \$5,433 a year, or \$217,000 in 40 years. Thus the difference—\$148,000—is the amount a college education could be worth during the most productive years of your life.

These are only average figures. But they point out how valuable a college

education could be to your earning power.

That extra income could mean a better home for you . . . a complete education for your children . . . a fuller, more rewarding life for you and your future family.

And a college education can help you achieve rewards which may be even more significant than a higher income. You may gain a deeper understanding of people and history . . . and possibly a sharpened ability to appreciate the complex world around us.

The experience of millions of people proves education is an investment in the future which will return many advantages. The decision is up to you. What will your next step be?

More TV servicemen own RCA Color TV than all other makes combined!

NEW 1965 ALL-CHANNEL MODEL

RCA VICTOR *New Vista*[®] COLOR TV

Enjoy college football in color--plus hundreds of hours of color programming this fall and winter on this beguiling Danish-styled RCA Victor all-channel Color TV. Thrill to natural color on the RCA glare-proof High Fidelity Color Tube. Improved New Vista 25,000-volt (factory adjusted) Color Chassis features the new Automatic Color Purifier that "cancels" magnetic distortions. And static-free "Golden Throat" FM sound adds to your viewing pleasure. Come in now for a demonstration!

The ALBORG
Mark 10 Series GF-701
21" tube (overall diameter)
265 sq. in. picture

HERE'S WHY RCA-Victor pioneered color television. And then developed remarkable new improvements like . . .

- The Automatic Color Purifier that allows you to move your RCA Victor Color TV **without service adjustment.**
- RCA Space Age Sealed Circuitry that eliminates **over 200** hand-wired, hand-soldered connections.
- Super-powerful, all-channel tuning that screens out interference and pulls in pictures sharp and clear.
- Easy, accurate color tuning that makes tuning so simple a child can do it.
- The new High-Fidelity Color Picture Tube that delivers pictures up to 50% brighter than before.

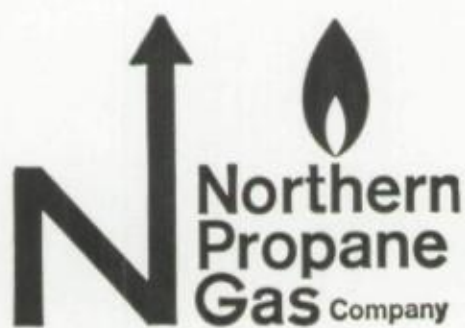

Aren't these the very same reasons that should make RCA Victor Color TV your first choice?

Our Inheritance

Our ancestors left many good things to America's youth . . . a country of abundance to live in . . . full opportunity to achieve . . . and the wise guidance of great Americans of the past. These leaders knew that a nation thrives best when its

people are independent—free to work and dream—alone, or with others who share their aims. As Abraham Lincoln put it, "In all that the people can individually do for themselves, government ought not to interfere." This principle of independence, or free enterprise, has made America a land of plenty. It must be guarded continually, if the future is to bring still greater progress and increasing strength.

Bunny,

Well this
completes another
year in our lovely
lives. I've had a
riot with you this
year. I'll never forget
all our classes together.
Remember! We'll have to
go to the region games
this summer. You're
really a cute kid (maybe I'd
better say girl). Have fun
this summer. Be seeing ya

Cassie

From
I have a lot
of food and
I am sure you
will find it
very good.
